

# GORGOJOS INSTRUCTIONS

Compiled by Dale Neumann

07/29/2008

## WEB:

- [www.dieminger.com](http://www.dieminger.com)

## EAT:

- 100% WHOLE WHEAT BREAD - MUST SAY "100%"

## DRINK/EAT:

- THEY DRINK/EAT BANANA SKINS - ONLY THE SKIN
- THEY DRINK FROM THE INSIDE OF THE SKIN, THEN THEY CONTINUE TO EAT THE OLD SKIN.

## SNACK:

- OCCASIONALLY, YOU CAN GIVE THEM WALNUTS OR POSSIBLY OTHER TYPES OF NUTS.

## DRINK:

- GIVE THEM BOTTLED WATER - NOT FILTERED FROM THE TAP.
- SPRAY THE BREAD ON BOTH SIDES WITH A SPRITZER (SMALL SPRAY GUN) UNTIL DAMP BEFORE ADDING BREAD TO TERRARIUM.
- IF THEY SEEM LIKE THEY ARE NOT MOVING, THEY MAY BE THIRSTY.
- GIVE \*ONE\* BLAST OF SPRITZED WATER (LIKE A SHOWER) IF THEY HAVE NOT HAD BANANA SKIN IN A WHILE. DO NOT DRENCH WITH WATER.
- IF THEIR BED GETS TOO WET, THAT IS NOT GOOD; YOU WILL DROWN THE CHILDREN.
- IF THEY SEEM LIKE THEY ARE MOVING VERY FAST AND CRAZY, HAVE YOU FED THEM IN A WHILE? THEY SHOULD NOT GO MORE THAN A FEW DAYS WITHOUT ANY BREAD IN THEIR TERRARIUM.

## HOME:

- GET THEM A SMALL TERRARIUM PURCHASED AT PET SMART - SAME AS AN AQUARIUM. DO NOT NEED ONE TOO LARGE. SMALLEST IS FINE.
- YOU DO NOT NEED TO PURCHASE A TOP AS THEY CANNOT CLIMB THE GLASS WALLS.

## BED:

- BRAND ARROWHEAD MILLS - WHEAT BRAN - 20 OZ BAG
- THIS PRODUCT IS SOLD AT WHOLE FOODS SUPERMARKET OR HEALTH STORE.

**CHILDREN:**

- THEY LOOK LIKE LITTLE CATEPILLERS OF VARIOUS SIZES OF GROWTH.

**ENEMIES:**

- PLEASE SEE THE PICTURES ON THE WEB SITE.
- IF ANYTHING STRANGE APPEARS IN CAGE, YOU MUST CLEAN IT.
- CERTAIN SPECIES OF ANTS MAY ATTACK IF TERRARIUM IS KEPT NEAR A WINDOW WHERE THEY MIGHT ENTER IN AND EAT THE GORGOJOS AND ITS FOOD. BE CAREFUL OF LOCATION.

**CLEANING:**

- CLEAN CAGE AT LEAST ONCE A MONTH.
- USE A DEEP GLASS LASAGNA DISH TO TRANSFER THE GORGOJOS TEMPORARILY.
- GIVE THEM NEW BEDDING BEFORE TRANSFER.
- PURCHASE A METAL STRAINER THAT PASSES THE DUNG (WHICH LOOKS LIKE A FINE BROWNISH/BLACK DIRT) TO ANOTHER LARGE DISH.
- BE SURE THE ANIMALS CANNOT PASS THROUGH THE WIRES.
- TRANSFER OLD BANANA SKINS WITH GORGOJOS ATTACHED.
- BE CAREFUL: THE SKINS CURL AND THE GORGOJOS ARE EATING ON THE INSIDE WHERE YOU CANNOT SEE THEM. IF YOU DO THROW THE BANANA SKINS AWAY,
- YOU NEED TO BRUSH THEM ALL OFF, INCLUDING CHILDREN, TO THE NEW TEMPORARY CONTAINER.
- PICK UP GORGOJOS FROM DIRTY DISH THAT FELL THROUGH THE STRAINER.
- YOU CAN HANDLE THEM WITH YOUR FINGERS IF NECESSARY, OR USE A LARGE SPOON TO SCOOP THEM UP.
- ONCE ALL GORGOJOS/BREAD/BANANA PEELS/NEW BEDDING ARE IN THE TEMPORARY CLEAN TRAY, WASH THE TERRARIUM AND RINSE THOROUGHLY. DRY AND LET AIR DRY OVERNIGHT.
- MAKE SURE THE GORGOJOS CANNOT ESCAPE THE TEMPORARY CONTAINER.
- WHEN TERRARIUM IS DRY, TRANSFER THE GORGOJOS AND ALL OTHER MATERIALS THAT ARE IN THE TEMPORARY TRAY, BACK TO THE TERRARIUM.

**ENVIRONMENT:**

- DO NOT PUT TERRARIUM WITH GORGOJOS IN DIRECT SUNLIGHT.
- KEEP COOL/LOW HUMIDITY IN AIR-CONDITIONED AREA.
- IF YOU KEEP THEM IN THE KITCHEN COUNTER, DO NOT USE YOUR TOASTER/OVEN TOO CLOSE TO THEM.
- DO NOT KEEP ON TOP OF MICROWAVE OVEN.

- KEEP AWAY FROM PREDATORS/PETS/ANIMALS.

### **MEDICATING:**

- TAKE
- 1 GORGOJO THE FIRST DAY
- 2 GORGOJOS THE 2ND DAY
- ETC.
- TO 70 THEN REVERSE
- 69
- 68
- ...
- 2
- 1
- THEN STOP FOR TWO WEEKS
- THEN REPEAT TREATMENT.
  
- IF GORGOJOS SHOW UP IN STOOL, THEN START REVERSING NUMBER IMMEDIATELY - DO NOT WAIT UNTIL 70.
  
- PURCHASE LARGE GELATIN BASED CAPSULES FROM WHOLE FOODS SUPERMARKET. LARGE BAG IS MORE ECONOMICAL.
  
- DO NOT ATTEMPT TO PUT MORE THAN 10 GORGOJOS IN ONE CAPSULE - THEY WILL ESCAPE.
  
- USE TEA SPOON TO SCOOP UP A FEW, THEN HAVE ANOTHER PERSON GRAB ONE EACH WITH A TWEEZER AND PLACE IT IN A CAPSULE LIVE.
  
- IF YOU PREFER TO USE YOUR FINGERS, YOU MAY.
  
- THE GORGOJOS MUST DIE INSIDE THE STOMACH TO GET THE BENEFIT OF THERE SECRETIONS DURING THEIR DEATH.

### **TRANSPORTING GORGOJOS:**

- DO NOT USE AN AIRTIGHT CONTAINER! THEY BREATHE AIR, SO THEY WILL ALL DIE!
  
- IF YOU USE A PLASTIC CONTAINER, POKE HOLES IN THE TOP WITH A KITCHEN KNIFE.
  
- GENERALLY, THE GORGOJOS CANNOT CLIMB THE WALLS OF THE CONTAINER AS LONG AS THE WALLS ARE SUFFICIENTLY HIGH.

### **CONTACT:**

- IF YOU HAVE ANY QUESTIONS OR NEED HELP, PLEASE CONTACT ME AT:

- DALE NEUMANN
- [BOCAKEYS@YAHOO.COM](mailto:BOCAKEYS@YAHOO.COM)
- THERE ARE ALSO CONTACTS ON THE GORGOJOS WEB SITE THAT CAN ASSIST YOU IN OBTAINING THE ANIMALS.
